We apologize for all the forms, but it's pretty straight forward! You must complete "2007 Series Registration" and obtain a 2007 USA Cycling license in order to compete in any League races.

You must register for each race you plan to enter. Registration for each race is available at the link below.

You may register for all races at once and save \$20, but you must include the Race #2 form found at tbfracing.com.

The "pay-all-at-once" option expires after February 28.
